

TRANSCRIPT - produced record, service request SR 25-249920 (2025-08-12).
Personal names and contact information redacted.
Original available via public records request C258328/C258329.

SR 25-249920 [redacted] Woodland Park Ave N 42nd St project includes daylight parking
20250812 glc
[redacted][redacted][redacted]
Location: N 42ND ST & WOODLAND PARK AVE N, SEATTLE, WA
Requests No Parking within 30 feet of corner sign be installed . Due to drivers parking
right up to the corner this has caused multiple vehicle collisions. I did provide
parking enforcement contact information.

A [redacted]

Hello [redacted] -

Thank you for reaching out.

There is a project under review that would include painted curb bulbs, a speed hump
between the N 42nd St and N 43rd street legs, painted street constrictions at all
T-intersections and daylight parking.

Daylight parking is a treatment that aims to help improve visibility at intersections
and crosswalks by removing or restricting parking near those areas.

Warmly,

Customer Care Team
